ABOUT ME

Hi, I'm Rahul Kumar, a Third-year computer science student with a passion for web development and Graphics Designing. I love creating innovative web applications, and I'm always on the lookout for new technologies to learn and explore.

SKILLS

- Graphics Design
- Frontend Developer
- React
- FLutter

EXPERIENCE

● FELLOWSHIP PROGRAM WITH GDSC

Frontend Developer

(2022 May - 2022 August)

- As the winner of a GDSC hackathon, I earned a spot in their highly regarded fellowship program. Focused on my role as a frontend developer, I embarked on designing and building a user-friendly website for our college community. This enriching experience with GDSC not only honed my skills but also provided a platform to forge meaningful connections, leaving a lasting impact on my personal and professional journey.

● PSEUDO LABS (BLOG SITE)

https://pseudolabs.tech

Frontend Developer

- With a friend, I built an exciting blog site where we shared our interests and thoughts. As the frontend developer, I brought our ideas to life, creating a user-friendly experience with captivating designs. This collaborative project helped me grow my skills while delivering a platform that connected with our readers.

PROJECTS

● WORTHY READS

A book recommendation app made for Appeofiesta Hackathon.
